# Carnival Goes Back In Time...

## Reliving the Wild, Wild West!

"Bang! Bang! Shoot 'em up!" cried the STUCO members as they ran into DeChantal Hall shooting fellow Vivettes with their wildly western water guns. This surprise raid began the traditional Carnival weekend. Excitement continued as the masked Dr. Kelly, armed with her own personal Mega Super Soaker 2000, guarded the doors. Students screamed and cheered extra loudly especially when they were rewarded with Monday off.

The next day on the Western Front, Viz Rangers left their marks. After making last minute preparations on their booths, they lassoed all friendly outlaws and renegades of the St. Louis area to join them. Everyone was on the lookout for teachers such as Dr. Mittler, Mrs. Younker, and Mr. Liberstein who were pictured on WANTED DEAD OR ALIVE signs.

As the day progressed and the sun set in the West, the Rangers counted their loot but did not call it a day. Most of them returned for the evening festivities. These events included dancing to the live band Sindrome and feasting on *Taco Bell* tacos and burritos.

The next day loyal members returned to clean up the remains of the previous day's battle and then all returned to their camps on Monday.

Yearbook Editor Colleen Braun and Photography Editor Rachel Fete marvel at the amount of money the Yearbook booth made in the Wild, Wild West.

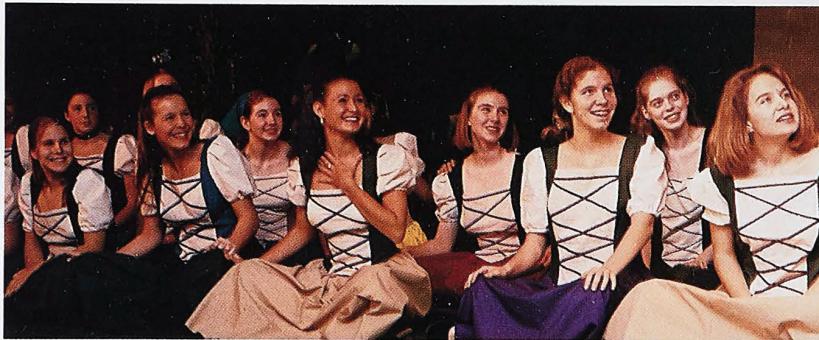

# Brigadoon Dazzles

## School Play Brings Down the House

"The show was magical as well as polished, and the audience's response echoed that," said Lauren Jones, who played the role of Maggie, and also designed and constructed the authentic Scottish costumes. *Brigadoon*, directed by Audrey and Dan Monahan, packed crowds in the Little Theater all four nights. "It is difficult to get into to an eighteenth century mindset and make the audience believe they're in a Scottish village two hundred years ago—Mrs. Monahan really helped us in that regard. The forest made out of camouflage also brought authenticity to the set," said Eric Loring, who played the lead role of Tommy Albright. The dedication and professionalism of the cast and crew was evidenced when they worked around the potential crisis of a falling curtain without missing a cue.

Mrs. Lundie (Linda Becker 12) tells Jeff (Kevin O'Rourke), Fiona (Susannah Kilmer 12), and Tommy Albright (Eric Loring) about the mysteries and magic of *Brigadoon*.

# Class Ceremonies Follow Tradition

## Students Receive Bibles and Crescents

On August 29th the Freshmen Bible Mass was held in chapel. Each student received a Bible and a bookmark made by her big sister. Cassie Veatch said, "It was a great way to start off the year." Chrissa O'Shaughnessy said, "The bookmark made the Mass special."

The incoming seventh grade also attended a ceremony to begin the new year. They received crescent pendants from Mrs. Lenhardt, Dr. Kelly and Sister Margaret Mary on August 19. Erin O'Brien, a seventh grader, said, "I thought it was a great opportunity to meet other seventh graders and tour the school." Others including Katie Ferguson said, "I had a really good time and enjoyed the crescent ceremony."

# Daddy's Little Girl

## Father-Daughter Dinner Dance

On January 28th, grades 7-12 joined their dads for dinner and dancing at the Marriot Pavillion in downtown St. Louis for the annual Father-Daughter Dinner Dance. After a dinner of chicken and potatoes, they danced to songs such as "You've Lost that Loving Feeling," "Wonderful Tonight," "I Saw Her Standing There," and "YMCA." Music was provided by The Bob Kuban Brass Band. The seniors also preformed their annual line dance to "Born to Be Wild." Girls and dads danced to the Waltz, the Duck Dance, the Electric Slide, and the Swing.

The "Father of the Year" award was presented that night to Mr. William Walker by Mrs. Lenhardt. This award is given to a father who has shown much dedication and generosity to Viz over the years. His final daughter to graduate, Kelly, said, "It was an honor to see my dad recognized for all that he has done for Viz."

After the dance some Vivettes and their dads went for a late night snack at restaurants such as Cyranos, Brett Hull's Restaurant, and Steak 'n Shake. "A group of us walked into the Brentwood Steak 'n Shake," said senior Rachel Fete, "in our formal dresses with our fathers in their tuxedos. Needless to say, we were out of place, but we still had fun eating and remembering our past Father-Daughters." Overall, it was a night of fun and enjoyment for all.

# Fun Times Flow For the Upperclassmen

## Halloween and Junior Dances

From hippies to Aladdin, the seniors filled DeChantal Hall on Saturday, October 30, for their annual Halloween Costume Dance. The music was provided by TKO D.J.s. They danced to the Electric Slide, Stayin' Alive, and even the Hokey Pokey. Seniors Laura Parker and Andrea Wienert agreed, "It was definitely a dance we'll remember as our last with only our class." Everyone enjoyed a exciting evening.

Saturday, November 13, Juniors danced the night away in DeChantal Hall. The second year of the Junior Dance brought a new challenge—the dance occurred during Apostolic Service so all of the planning had to be done outside of school. Andrea Marino says, "It's always nice to have a dance with just our class. I think everyone had a great time. It was good to see everyone during Apostolic." Despite their difficulties, the Juniors managed a very enjoyable night.

# Dancing the Night Away

## Winter Dances Lighten Up the Season

On December 4 Visitation and Priory united for the second annual all-school dance held in Priory's Gym. The theme of the dance was "Christmas In December: The Yuletide Gala." Mr. Liberstein made an appearance as Santa as well as serving as a chaperone along with Dr. Kelly, Mrs. McMullen, Mrs. Fitzgerald and Mrs. Scarpinato. Hawk D.J.s provided the music while members of the seventh and eighth grade STUCO served the refreshments.

On February 19 the juniors and seniors gathered in DeChantal Hall for the annual winter dance. Once again, Hawk D.J.s provided the music while the freshmen and sophomore STUCO members served refreshments. "Everyone danced and had a good time!" said Junior Sarah McLaughlin.

Junior Maura O'Brien summed up the winter dances saying, "They provided a nice break from school during a boring winter!"

## Freshmen and Sophomores Enjoy Dances

On April 16 the sophomores danced the night away under a "Starry, Starry Night." The sophomores transformed deChantal Hall with silver stars and balloons of teal, blue and silver which were hung from the ceiling to create a magical night. A mural of lights and stars adorned the wall. "The decorations were great and everyone had a wonderful time!" said Claire Mooney.

"Friday Night Fever" hit deChantal Hall on May 6 as the freshmen held their annual mixer. Flowers were hung throughout deChantal Hall, and, to continue with tradition, each freshmen was allowed to invite two guys to help make the night as fun as possible. "The music was great! This was the perfect ending to a great freshmen year!" said Beth Forst.

# A Whole New World

## Montage Makes Debut

On February 10 and 11 students, faculty, friends, and families gathered in the Little Theater for the first Montage. Montage, Visitation's new winter theatre production, has replaced the One Act Play festival. Now, rather than auditioning for parts, all students in the tenth, eleventh, and twelfth grade elective drama classes participate in the production. More students were involved in this first Montage than participated in any year in One Acts.

The new format also allowed the use of both original student scripts as well as published ones. Both the sophomores and the juniors wrote original scripts while the seniors used a published one. The sophomores' plays centered around the theme "Fractured Fairy Tales." The juniors' "Oh, Good God!" related the story of seven famous people trying to write a play for God. "School Zone," performed by the seniors, reflected on the ups and downs of school.

"We had a great time working on our play in drama class," said junior Erin Dougherty. "I'm really glad that we did it this way especially because I probably would not have been able to participate if it had been after school."

Beethoven (Alaine McGarry 11) and Susan B. Anthony (Colleen Braun 11) are mesmerized as Dr. Seuss (Erin Dougherty 11) explains his ideas for the play they are writing for God.

# Nights to Remember

## Senior Spotlight and Safari Create Memories

On April 28 the seniors gave one last performance in the Little Theater. The Senior Spotlight Show is the final project for the college credit drama class. Students performed excerpts from *Beaches*, *A Chorus Line*, and *The Princess Bride*, as well as other famous works.

On March 5 parents, faculty, and friends of Visitation attended "Meet Me in St. Louis," the annual Safari Auction. In the past, students sold raffle tickets to support the auction; however this year they sold raffle calendars. Many parent and student volunteers make Safari a success. This fund-raiser is a major source of income that is crucial to the operation of the school.

# Whatever Floats Your Boat

## Juniors and Seniors Ride Raging River at Prom

River is expected to crest soon...Water is spilling over the banks...Will we have a repeat of the '93 flood?

Despite the threat of rising water on the Mississippi River, Visitation held its Junior-Senior Prom on the Becky Thatcher Riverboat on May 7. Because many students were concerned about driving and parking downtown, buses were a popular mode of transportation for the evening. One group even wrote "Viz Prom or Bust" on the back in order to identify their vehicle. As each couple boarded the boat, photographers snapped a souvenir picture of them. After eating a chicken dinner, nearly everyone flooded the dance floor to the sounds of TKO DJ's. "Because the dance floor was too crowded, I enjoyed viewing the event from the open balcony," said Emeline Tolod 11. The dance ended at eleven, much to the chagrin of many hearty dancers. Sarah Vehige 12 said "It was too short, but I had a great time nonetheless!"

# Onshore Accomplishments

## Students Enjoy Field Day and VAA Banquet

During the week of May 2 Visitation Academy became an athletic haven. The high points included Field Day and VAA banquet.

Coordinated by the senior class and the Visitation Athletic Association, Field Day promoted superstar amounts of good sportsmanship, class spirit and school amusement while successfully mixing the day with a healthy dose of clean competition. The events proved to challenge students' skills both mentally and physically. Whether the obstacle was trying to wheelbarrow your partner across the finish line or trying to figure out the best way to fit into a potato sack or how to place a volleyball spike strategically on the out-of-bounds line, all Vivettes seemed to master the inside secrets. Freshman Cassie Veatch says "I always look forward to Field

Day. Not only is it a day off of classes, but it is also a great way to spend time with your friends."

On Friday May 6 Visitation honored its athletes at the VAA banquet. While eating the traditional Imo's pizzas and salads, students listened as the coaches boasted about each sport. Depending on the number of years of participation, players were awarded Varsity letters, pins, medals or trophies. The field hockey team was recognized for winning the Midwest Championships, and the swimming and track teams were applauded for their numerous new school records. Nancy Pelligreen 11 adds "VAA banquet is a great way for students to notice outstanding athletic accomplishments."

Photo by Tricia Juettemeyer

## Lessons learned on Field Day

1. Age and experience appear to have their advantages when athletes are developing strategies.

—The seniors won the volleyball tourney and the relay.

2. Strength is not always found in numbers or in seniority.

—The juniors won the tug-o-f-war competition with a total of 32 classmates, not 40!

3. Sometimes memories are kept more easily when they are made like numbers.

—The sophomores memorialized Field Day in the shape of 96.

4. The Egyptians had more luck building pyramids.

—The freshmen tried to make a class pyramid.

# Seeing Reflections

## Students Reflect and Learn About One Another on Retreats

Upper school students are required to attend one retreat per year. These retreats provide students with an opportunity to reflect and grow as well as encourage class unity. The seventh through ninth grades held their retreats in deChantal Hall, while the upperclassmen went to off-campus retreat centers.

The retreats in general encourage Christian community and unity among class members, self knowledge and self esteem for individuals, forgiveness among class members, and growth in one's relationship with Jesus.

The seventh and ninth grade retreats were both conducted by the REAP team. The seventh grade retreat centered around the theme "So This is Life!" while the freshmen focused on Jesus. Under the direction of Ms. Sandy Frieburg, the eight graders concentrated on self image and God's love.

The tenth graders went to Mercy Center for their retreat. They focused on prayer with Fr. John Brennel. The junior class traveled to Pallotine Renewal Center where they worked on love of self, others and God. Senior Retreat was held at the Marianist Retreat and Conference Center. With the help of the retreat staff, they concentrated on building Christian Community.

Junior Ciara Martin said, "I found retreat to be a very emotional experience. It was interesting learning about the hopes and fears of my classmates."

# Growing in Faith

## Students Share in Traditions of Apostolic Work and Junior Ring Mass

The Apostolic program changed for the 1993-94 school year. Juniors and seniors received three weeks off-campus in order to serve at various sites throughout the St. Louis area. This was a change from previous years when only seniors participated in the program one afternoon each week for one trimester of the school year. "I feel that in three weeks I got to know the children I worked with so much better than I would have only seeing them for a few hours one day a week," said Rachel Fete 12, who worked at St. Louis Children's Hospital.

Students not only worked with children but also the elderly, the mentally impaired, and others in need. "I felt a great sense of accomplishment after apostolic. I feel good knowing I helped someone," said Michelle Faberman 11.

On April 27 juniors and their families gathered in the chapel for Mass and the presentation of their rings. The entire ceremony was prepared by the juniors and every member of the class participated in some way. "It was really special that everyone could get involved," said Ashley Daly.

After the mass, the juniors were treated to a reception sponsored by their little sisters, the freshmen. Libby Beckette said, "I'm glad to finally receive my ring. The tradition behind the rings really means a lot to me."
